Dear Valued Employees,

Benefits are a valuable part of your compensation package. They can help protect important things such as your income and your assets if you become sick or injured and are unable to work. Some insurance products can help pay for expenses that are not covered by your health insurance such as co-payments, deductibles, and other out-of-pocket expenses. Other plans can help your family cope with financial realities if you should die prematurely.

That is why City of Pine Bluff has made these valuable insurance products from The Hatcher Agency available for you and your family. The voluntary benefits described in this booklet can build on the benefits already provided by City of Pine Bluff providing the additional protection you and your family may need. Keep in mind, more competitive rates are available through the workplace. We encourage you to take a look at the information in this booklet so you can make informed choices about these benefits.

TERMS TO KNOW

INSURANCE TERMINOLOGY TO KNOW

Benefits wordage can sometimes be daunting. Review the list of common terms below for a little help!

Qualified High Deductible Health Plan (HDHP) & Health Savings Account (HSA) – a high deductible health plan can be combined with a Health Savings Account (HSA), allowing you to pay for certain medical expenses with money free from state and federal taxes, and saving you money. All claims, medical and pharmacy, apply to the deductible and coinsurance. Wellness is still covered at 100%.

Deductible – the insurance deductible is the amount of money you will pay in an insurance claim before the insurance coverage kicks in and the company starts paying. **City of Pine Bluff's** deductible begins on January 1st.

Prior Authorization - PA is a requirement that your physician obtain approval from your prescription drug plan to prescribe a specific medication or procedure for you.

Quantity Limit - QL defines how much of a particular drug patients can get during a specific time period or the maximum days supply that patients can get at once.

Premiums - the amount of money you pay on a regular basis to have coverage on your policy. Premiums are usually lower in a HDHP in comparison to a traditional (PPO) plan.

Step Therapy - the patient begins medication for a medical condition with the most cost effective drug therapy and progresses to other more costly or risky therapies only if necessary. Step Therapy is an approach intended to control costs and risks posed by some prescription drugs.

Out-of-Pocket Maximum – OOP maximum is the most you have to pay for covered services in a plan year. After you spend this amount on deductibles, copayments, and coinsurance, your health plan pays 100% of the costs of covered benefits. Your OOP maximum will be lower In Network versus Out of Network.

HEALTH SAVINGS ACCOUNT (HSA) FAQ'S

Q: What is a Health Savings Account?

A: A health savings account (HSA) is a tax-advantaged medical savings account available to taxpayers in the United States who are enrolled in a High-Deductible Health Plan (HDHP). The funds contributed to an account are not subject to federal income tax at the time of deposit.

Q: Can anyone open a HSA?

A: No. In order to open an HSA you must be enrolled in a Qualified High Deductible Health Plan. (QHDP)

Q: How much can I contribute each year?

A: **IRS limits on a Health Savings Account (HSA) plan for 2023 are \$3,850 per year (Employee Only) or \$7,750 for Family (Employee + 1).** If you are 55 or older, you can also make "catch-up" contributions of up to \$1,000 per year above those limits. If at the end of the plan year, you have contributed more than the recommended maximum, and you were not covered under a HDHP for the entire calendar year, your extra contribution may be taxed as income. This amount is also subject to a penalty tax.

Q: How much can I spend each year from my HSA account?

A: The only spending limit is your HSA account balance. Just like your regular bank account, you can only withdraw up to the amount in your account at that point in time. Any unused funds will roll over from year to year. You do not lose any funds if they are not used by the end of the year.

Q: What can I spend my HSA funds on?

A: You can use HSA funds for any expense accepted by the IRS as a legitimate medical expense, such as doctor visits, therapy, hospitalization, prescriptions, vision care, dental etc. To be eligible, the expense must be incurred on or after the date the HSA account was opened. HSA funds can also be used for health insurance premiums such as COBRA and TEFRA/Medicaid.

Q: Can I spend HSA funds on family members who are not on my health plan?

A: If you have Employee Only (HDHP) coverage, and your spouse or dependents have separate health coverage that is not a High-Deductible Health Plan, you can still use your available HSA funds to pay their medical expenses as long as you file a Federal tax return that includes that person as a joint filer or dependent. Your dependent is not allowed to file a claim with their FSA and with your HSA.

Q: How do I access my funds?

A: You will receive a Health Equity Client Services Debit MasterCard that is linked to your HSA account. This is a limited-purpose MasterCard which is coded for medical providers only. Swipe the card just as you would any credit card. Although you have the option of setting a PIN, no PIN is required. The card lets you cover expenses without having to pay out-of-pocket first and then wait for reimbursement. If your medical provider does not accept credit cards or for whatever reason you did not use your Health Equity Client Services Debit MasterCard to pay the expense, then you can submit a claim for reimbursement.

Q: I'm going to become eligible for Medicare late this year. Can I still have a HSA?

A: If any part of Medicare is elected, you cannot contribute any more money after your Medicare effective date. However, you may continue to use up any funds previously contributed.

Q: If I elected a HSA for 2022, but drop my medical coverage later in the year, can I continue to use my HSA funds?

A: Yes. However, you will no longer be able to contribute money to your HSA account unless you are enrolled in a qualified High Deductible Health Plan.

Q: How long can I contribute to a HSA?

A: As long as you are enrolled in a qualified HDHP, you can contribute to a HSA account until you enroll in Medicare.

Q: How are office visits and prescriptions charged on my HSA Health Plan?

A: On the HSA Health Plan option, you will pay 100% of the allowed charge for the visit or drug, until you reach your maximum out-of-pocket. Once you fulfill the deductible/maximum out-of-pocket your office visit copays and prescription costs are covered 100% in network by the plan.

Q: Are there any fees associated with my HSA?

A: Yes, however **City of Pine Bluff** is covering the administrative fees for active employees.

LONG TERM DISABILITY INSURANCE

Long Term Disability

The Hatcher Agency is not the Broker for this Product

What would happen if you were seriously injured in a car accident or diagnosed with cancer? You may eventually get better but it may take a long time; it is also possible you might never be able to return to work. In addition to dealing with health issues, how would you make your house and car payments, buy food, clothing and other essentials?

City of Pine Bluff provides you an opportunity to purchase short term disability insurance from **The Hartford**. There is a 90-day elimination period before this benefit will begin to pay. Once you are disabled for **90 days** the benefit will pay **60%** of your pre-disability income, to a maximum of **\$5,000 per month**.

Your LTD benefits are payable for the period during which you continue to meet the definition of disability. Payments continue based on how old you are when your disability occurs. If you are under the age 63, your benefits will be the greater of your Social Security Normal Retirement Age or 4 years. Followed by a reduced benefit schedule for those age 63 and older.

Survivor Benefit: Your eligible survivor (group life beneficiary on file) will receive a lump sum benefit equal to three months of your gross disability payment if, on the date of your death, your disability had continued for 180 or more consecutive days, and you were receiving or were entitled to payments under the plan.

Note: The amount of benefits you receive from the plan may be reduced or offset by income from other sources such as legal judgments, certain retirement plans and the amounts you receive or are entitled to receive as disability income from workers' compensation, a state compulsory benefit plan, and the amount you (and your family, if applicable) receive or are entitled to receive as disability payments under Social Security Disability.

Q: When can I make changes to my insurance elections?

A: You can make changes within 30 calendar days of a “qualifying event” or during the designated open enrollment period.

A: No. United Healthcare does not require any referrals to see an in-network provider. Please note, that some services require prior authorization from United Healthcare. Please see your certificate of coverage for more information.

FREQUENTLY ASKED QUESTIONS CONT.

Q: How and when do I get my insurance I.D. cards?

A: Your insurance cards are mailed directly to employees address on file from all benefit vendors. Most insurance cards are received within 3-6 weeks of the effective date.

Q: Can I carry dependents on voluntary coverages without carrying them on the medical insurance?

A: Yes. You do not have to carry medical insurance on dependents to carry them on voluntary benefits that are offered for family members. You may carry dependent coverage on any benefit you wish without carrying it on other coverages.

Q: When does the company's annual enrollment take place?

A: **City of Pine Bluff's** annual open enrollment is in December of each policy year with a **January 1st** effective date. Employees may make changes to any/all benefit coverages available.

Q: Can my dependents be denied coverage for pre-existing conditions?

A: Beginning as early as 2010, employer-based health plans and newly instated individual health plans will NOT be allowed to deny or exclude coverage for your child dependents (under age 19) due to preexisting health conditions including disabilities. Beginning 2014, these same health plans will NOT be allowed to deny or exclude coverage for any individual.

Q: What are considered qualifying events (make changes to insurance before open enrollments)?

A: There are several life events that qualify for a change in coverage:

- Change in marital status---marriage, death of spouse, divorce, legal separation, or annulment. Note: Proof of event is needed when a change is to be made.

- Change in number of dependents---birth, death, or adoption of a child, or placement of a child for adoption.

Note: Proof of event is needed when a change is to be made.

- Change in employment status---commencement or termination of employment, strike or lockout, commencement or return from an unpaid leave of absence, change in work site, or any of these events that may apply to the employee, the employee's spouse, or the employee's dependent(s). Note: the IRS regulation specify that an employee must actually obtain coverage under the spouse's or dependent's plan for the election change to be consistent. The employee's certification that he or she either has or will obtain the coverage is sufficient proof. Note: Proof of event is needed when a change is to be made.

- Change of residence---change in the place of residence of the employee or the employee's spouse or dependent. If, for example, an employee and/or the employee's family move to another town, changing their coverage to a plan that provides coverage in the new location would be necessary. Note: Proof of event is needed when a change is to be made.

- Significant change in coverage---a significant cost increase or reduction in coverage. Under this reason, however, only the election for plan coverage may be change at midyear; medical flexible spending accounts (FSAs) may not be changed midyear on account of changes in cost of coverage. Note: Proof of event is needed when a change is to be made.

- A substantial loss of providers available in a network option may be considered a coverage decrease: however, the loss of a single physician from a network where there are other physicians available in the network and in the geographic area covered by the plan would not be considered a coverage decrease.

- If there is a significant cost decrease for a specific plan, an employee may be allowed to make a change to participate in that plan if he or she is not a current participant. Similarly, if there are significant improvements in the plan, employees may be allowed to make an election to participate.
